

# **RUNNING OUT OF HOT WATER?**

# WATER HEATERS ARE USUALLY OUT OF SIGHT, OUT OF MIND... AND OUT OF DATE.

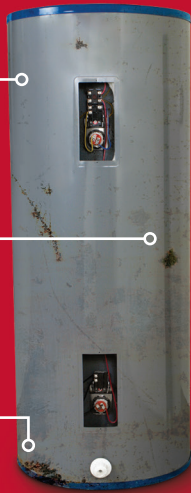

Water heaters are one of the most-used pieces of equipment in your home—essential to the quality of your daily life. But if it fails, not only can it cause discomfort, it can also cause major damage.

Unfortunately, water heaters don't last forever. Here are some signs that your old water heater may be failing:

**RUSTY WATER COMING FROM THE WATER HEATER/PIPING**

**RUMBLING OR ODD SOUNDS COMING FROM THE WATER HEATER**

**WATER LEAKAGE AROUND THE TANK**

If it's time to replace your old water heater, you should call the experts. We have options that may greatly improve your enjoyment of hot water in your home. Whether your family has grown and you'd benefit from a larger tank water heater or you'd like endless hot water from a tankless water heating system, we can help you make the best decision for your family and your budget.
